Attention: Roshini Rajapakshe

Dear Roshini,

Below is a brief introduction of WSO2 Internship training program.

Please feel free to reach out if you have any queries with regards to the internship program.

Thank You.

WSO2 Internship Program

Our Internship programme is designed to give a vast knowledge and experience to the students who are studying Computer Science etc..They will get some hand on project experience and learn from our experienced resources. Further we make sure to evaluate what they have learnt during the internship period by getting them to do a presentation to a panel.

WSO2 uses following technologies and interns will get a chance to work on some of these:
- Distributed system design
- Enterprise integration
- API Management
- Security and Identity management
- Programming language design
- Compiler design
- IDE development
- Machine learning
- Cloud computing

At WSO2 we are looking for Energetic and passionate students who are eager to learn If the students have done extracurricular activities at school or university level that will be an advantage. We would also like them passionate about latest technologies and tech trends.

WSO2 Internship Program - Frequently Asked Questions

If I am accepted, what kind of work will I be doing?

All our interns have the same opportunities offered to full-time employees. Specific roles will depend on the needs of the technical unit to which you are assigned, as well as your qualifications and interests. A term of reference outlining the work is prepared and discussed with intern candidates before any internship begins.

How long is the WSO2 Internship Program?

For the internship to be worthwhile and effective, interns will be accepted for a minimum of 03 months and a maximum of 12 months.

What's it like working for WSO2?

We have an open culture and we believe in working hard and playing harder! Our offices are equipped with televisions, a basketball court, and indoor games and activities, such as table tennis and carrom, for employees to unwind during breaks.

Does WSO2 participate in any sporting activities?

We have basketball, hockey, and swimming teams that represent WSO2 in Mercantile tournaments. In addition, we also have in-house sporting activities, such as an Annual Sports Day and other in-house tournaments and events.

Does WSO2 have a professional development program?

We have ongoing, in-house technical as well as soft skills and language programs that are offered throughout the year and are open to all employees.

What are the benefits available for Interns?

- Monthly Allowance of USD 110
- Laptop
- Seating in office
- Interns are entitled for Hospitalization cover and company-sponsored lunch.
- Leave and other Internal policies are also applicable to all employees, including interns.
- Interns are not eligible for financial support for higher studies.

Do I need to be at the WSO2 office full-time?

Internships at WSO2 are full time, and interns are expected to work from Monday to Friday for the duration of the internship.

What is the application procedure?

You can apply for internships by forwarding your CV to amangi@wso2.com

What are my employment prospects post the WSO2 Internship Program?

WSO2 is open to employing interns full time post internships based on their performance during the program. The company will also provide a service letter post the completion of the internship stating details of the work carried out.
